📍 Lagos, Nigeria.

PROFILE

With over three years of experience specialized in writing efficient programs and developing stunning, functional, and dynamic websites, I've gained a vast number of skills and expertise with various software and web development technologies. I'm also a highly creative and knowledgeable graphic designer with extensive experience designing and implementing visual design concepts.

EXPERIENCE

ICT Instructor - 2023

Excellence Way Academy - Abuja

Instructed junior courses in graphic design using Adobe Photoshop and taught an advanced course on web development to secondary school students, including HTML, CSS, and Javascript.

Business Development Officer - present

Cardinal Torch Company LTD - Lagos

I am in charge of managing the company's brand identity and creating graphic designs for social media platforms using Adobe Photoshop and Illustrator. Additionally, I develop, build, deploy, and manage websites for Cardinal Torch and its subsidiaries using React, Tailwind, and other tools.

EDUCATION

2019 - Present
BSc/ Computer Science
University of Abuja
